3RD ANNUAL VETERAN'S DAY FALL SOCIAL

by Dave Tarquino

We had our Fall Social at the Buggy Whip restaurant again this year. The food was great and we topped off the dinner with a very patriotic carrot cake for dessert. There were forty-one attendees and you can tell from the photos that all had a great time. We had a few good words from our President Joe Johnson to kick off the social, then, it was back to laughter and storytelling for the rest of the evening. Editor's Note: A special "Thank You" to Dave for getting this function put together and so well organized. See the pictures on the next page.

WAY BACK WHEN

by Dale Klug, Editor

We've started a series of articles called "WAY BACK WHEN". This will be patterned after the Florida Chapter's series in the Post Monitor called "B.S. (Barely Substantiated) TALES". We're inviting everyone to submit articles with stories from days-gone-by at Detachments, OLs, Depot, Squadrons, Headquarters or TDYs.

Crank up your "WAYBACK machines" and send us an article. Remember to keep all the inputs unclassified. E-mail all proposed articles to me at: FalloutEditor@AFTACwest.org or snail-mail to: P.O. Box 3974, Citrus Heights, CA 95611-3974.

The following is taken from a "Military Happenings" column of the Sacramento Bee newspaper circa 1984/5.

For rent or sale: 23,000 acres of prime grazing land, 1,652 bldgs, exclt facilities for electronics and photo buffs, nr Marysville, CA. Newsweek reports that the Defense Department, under a classified project, code-named "Teal Cameo," is developing a robot aircraft to replace the SR-71s, U-2s and TR-1 flown from Beale Air Force Base.

For hire: Very large, very quiet group of men and women with interesting past and unknown future. Willing to take risks.

Congress has authorized its Office of Technology Assessment to study seismic-detection methods for verifying compliance with nuclear test bans. The Air Force's Technical Operations Division, which has been at McClellan AFB since 1948, has been going to great lengths, at no small expense in personnel and material, to sniff and hear nuclear tests.

Who Said That??

The future isn't what it used to be.

You can get old pretty young if you don't take care of yourself.

You got to be careful if you don't know where you are going; because you might not get there.

Carol Kunz Email: 14 October 2006. Dear Gentlemen, It is my sad duty to inform you all that my dear, sweet Frank passed away here at home with Hospice after a long battle with lung cancer on September 8, 2006.

I came across a few emails that had went back and forth between the 3 of you or at least Bob Fitzgerald and Anthony Osborn when your dad "Chief OZ" died back in 2001 Anthony. Oh how he loved that man and talked about him so often. I am Frank's second wife so I wasn't there thru his military career but there wasn't a day that went by that he didn't relate a story or two. (His wife Kathleen died 3 years ago)

I miss this giant of a man every moment of the day but, Heaven is now enjoying one of the best guys that ever walked this planet.

Should you wish to view a Memorial Tribute to him on line visit the following:

Deepest regards, Carol Kunz, The Proud Widow of SMSGT Frank W. Kunz"

Harm Aning Email 28 August 2006. Yea, we are still here and going strong. A lot has happen the past few years. Most of the family members we wanted to get back into this area to spend time with have now passed away. Only Donna's mom is still with us. Making the move here was the best decision as we got to share a lot more time with them. The work is still very demanding but they sure pay better than Uncle Sam ever did. Hope to make it to the next reunion now that our lives have gotten back to normal. Hopefully we will see you there. Say hi to everybody. Thanks for checking us out. Harm and Donna Aning harm@prodigy.net

Tom Wentz Email: 14 October 2006. Hello All. Sorry we will not be able to make the 11 Nov social. We will be at Altus AFB visiting with our son and his family. They just had a new baby last month that we haven't seen yet. We will be there until after Thanksgiving. Some of you might remember Neil, he was the one that furnished the trumpet trio for our awards ceremonies. He is now a Lt. Col. and commander of the CE Sq. at Altus. Hope to see you all at the next social. Tom and Sue Wentz, tomwentz@sbcglobal.net

Jim Dorman Email: 18 October 2006. Fellow AFTAC Alumni, My email address has changed recently: it is now joshuafamily@adelphia.net. Clark Creery Email: 21 November 2006. (In response to Bob Fitzgerald's notice of Dick Payne's passing) Thanks Bob, such a surprise. We traveled all over the world together, played darts, and worked the 'J' Program. I put the initial notification on the Florida webpage and will follow it with the obit when that hits the paper. I feel like a bit of my life has slipped away and thank you for the notification. Clark Creery

AFTAC WORLDWIDE REUNION 2007 DENVER, CO

OVERVIEW

AFTAC 60th ANNIVERSARY (1947 – 2007)
ALUMNI WORLDWIDE REUNION, 7 – 11 JUNE 2007

Yes, it's time once again; time to get together with old friends, make new friends, and see what everyone has been up to in recent times. Sound familiar? As you know, we've been holding a worldwide reunion every two years, alternating from Florida to California to Colorado. Having held highly successful reunions in Florida in 2003 and again in California in 2005, it's now time to come to Colorado in 2007 and we are ready to start taking reservations. Included with this issue of the newsletter is this overview, hotel information, and registration form. This information can also be found on the Florida, California, and Colorado websites.

What we need from you: mark your calendars now for 7 – 11 June 2007, register early by completing the registration form and returning it along with your check, reserve your hotel room by calling the Doubletree Hotel Denver, and please pass the word along to other alumni who might not be members of one of the alumni chapters. Chapter membership is not required to attend the reunion. Early registration will allow better planning by the reunion committee and some planned activities are tentative depending on the responses we get on the registration forms. If you have any questions, please contact one of the committee members listed at the bottom of this page & the registration form.

Hospitality: We will have a hospitality room in the Doubletree Hotel open daily beginning Thursday evening, 7 June. This is where you sign in and pick up your welcome package. Information will be available in the hotel lobby as to its location. Name tags will be provided in this package so please list names on the registration form as you want them to appear on the name tags.

Golf Outing, Thursday afternoon, 7 June: This is a tentative item depending on the number of people signing up for it. It will be arranged by Jack Smith and Det 45 personnel and transportation may be provided. Cost is listed at \$50 on the registration form and refunds will be made if the actual cost is less or the event is cancelled due to lack of interest. POC is Jack Smith.

Windshield Tour of the Lowry Campus, The New Fitzsimons, and Buckley AFB, Friday and Saturday mornings, 8 & 9 June: This is also a tentative item depending on the number of people signing up for it. It also is being arranged by Jack Smith and Det 45 personnel and transportation may be provided. Yes, the old schoolhouse is still in use on Lowry and the old hospital is still being used on Fitz (but not as a hospital), and that's about all that will look familiar. Almost everything on Buckley is new and no longer resembles its past.

Icebreaker, Friday evening, 8 June: Doubletree Hotel, AFTAC Ballroom, informal mixer with heavy hors d'oeuvres and cash bar. Dress is casual.

Banquet, Saturday evening, 9 June: Doubletree Hotel, AFTAC Ballroom, social with cash bar followed by sit-down dinner with choice of prime rib or Chicken St. Michelle entrees. Program includes guest speaker and possibly DJ music with dancing.

Breakfast Buffet, Sunday morning, 10 June: Doubletree Hotel restaurant off the lobby, pay cashier, bid farewells.
